AFL MANUFACTURING EXPERTS

Founded by AFL enthusiast Sam Clay, Sphere Sport provides teamwear brands with superior AFL apparel, expertly meeting diverse and demanding specifications. Serving a spectrum of brands that cater to all AFL tiers, Sphere Sport's passion and professionalism result in products that resonate with end-users and elevate brand image.

Quality is paramount in Sphere Sport's manufacturing process. Their advanced techniques combine high-grade materials with meticulous craftsmanship, resulting in apparel that's durable, comfortable, and performance-enhancing. This commitment to quality has solidified Sphere Sport's position as a preferred supplier for teamwear brands seeking to outfit AFL teams with gear that withstands the rigors of the sport.

Sphere Sport's graphic design team is adept at transforming brand visions into physical products. Specializing in creating unique, striking designs, they amplify teamwear brands' image in the competitive AFL landscape. This blend of quality apparel, advanced manufacturing, and design excellence makes Sphere Sport a trusted partner for teamwear brands in the AFL sector.

ABOUT SPHERE SPORT

Sphere Sport is a sports apparel manufacturer based in Dongguan, China. Our founders, Sam Clay and Eric Fan, bring a unique blend of Australian and Chinese culture to our business, creating a dynamic and innovative approach to sports apparel production.

We specialize in sublimation printing, a process that allows us to print vibrant and long-lasting designs on our high-quality fabrics. Our dedication to using only the best materials and equipment ensures that our products are not only stylish but also durable and comfortable.

We believe that customer satisfaction is of utmost importance, and that's why we place a high emphasis on customer service. Our team is committed to working closely with our clients to understand their specific needs and create customized solutions that meet their unique requirements.

Our apparel is trusted by sports teams, retailers, and organizations across the globe for its exceptional quality and design. Whether you're looking for performance gear for your team wear brand, fashionable activewear for your retail store, or custom-designed apparel for your event, we have the expertise and resources to deliver the best apparel and service on the market.

GREATER CUSTOMIZATION OF YOUR AFL APPAREL

Rather than restricting you to our sizes or styles, we encourage new garment development, individual order customization, and offer free expert consultations on fabrics and apparel features that fit your brand's needs.

EXCELLENT QUALITY CONTROL PROCESSES

Quality control processes are an essential part of any manufacturing process, and they are particularly important when it comes to producing custom AFL uniforms.

Catching Errors Early

Our quality control processes start at the beginning of the manufacturing process and continue throughout, with multiple checks at every step. This means that any errors or mistakes are caught early on avoiding mistakes or allowing for immediate reproduction. This allows us to maintain our turnaround times.

Maintaining Quality Standards

We have strict quality standards that we adhere to, and our quality control processes ensure that these standards are met every time. This means that our customers can rely on us to produce high-quality custom team uniforms that meet their expectations.

Ensuring Accuracy

Each of our orders is highly customized from the names, sizes, and numbers to the design and fit of each apparel piece. We are able to go beyond most manufacturers in customization options because of our refined QC checklists and processes.

REPREVE RECYCLED FABRIC ALWAYS IN STOCK

At Sphere Sport, we believe in doing our part for a greener tomorrow. That's why we're proud to offer REPREEVE fabric options to our clients. Since it's founding in 2007, REPREEVE has recycled over 35 billion bottles worth of plastic while creating it's performance fabrics.

Despite being recycled, REPREEVE fabric is some of the highest quality fabric we stock and is trusted by major sports organizations and brands including the Pac-12 athletic conference in the US.

Many teams are looking to reflect their personal values in the apparel they wear. By developing products made with REPREEVE offerings with us, you'll be able to meet the growing demand for eco-friendly apparel while also increasing your per unit profit margin.

We currently stock 140gsm and 160gsm REPREEVE fabrics. We are able to supply heavier GSM's of REPREEVE fabric, but require a minimum order of 1000 apparel pieces.

BRANDS USING REPREEVE

VALUE-ADDED SERVICES FOR TEAMWEAR BRANDS

Do more for less with free or low-cost offshore services tailored to the needs of teamwear and apparel brands like yours.

Production Photos with Every Order

As a last QC check and an added perk to our clients, we take high-quality photos of every apparel piece on a mannequin in our studio and forward them to our clients to send to the end-user or use for their marketing.

Kit Builder Software & Set-up

We've invested considerable time and money into developing designs and capabilities into kit builder software so that we can offer to our clients at a heavily discounted rate to create their own for use on their websites.

Artwork Design & 3D Mock-Ups

We offer free artwork design for many orders as well as inexpensive 3D mock-ups when required to save you time and money on hiring in-house design staff.

Regular Shipping Updates

Our staff will send you regular updates of every shipment's progress. This way you can rest easy knowing that you'll be informed of any delay and kept in the loop until the apparel is delivered.

Promo Item & Product Sourcing

Because of our partnership with sister company Sphere Resources, a trading company also in China, we are able to source any custom product to manufacture in China or Asia so that you can rapidly expand your capabilities as needed.

Client Portal & Team Shop Solution (Coming Soon)

We believe in making the most of technological solutions to make life easier for our clients. We are currently developing both a client portal to simplify the order process and a service where we can help our clients offer their customers a team shop on their website. Stay tuned!

ELITE MANUFACTURING QUALITY

We set out to manufacture every apparel piece to professional-grade quality. This means that our apparel looks great despite rigorous use and performs to a high-level on the field week after week.

Trusted By Professional Athletes

Many of our clients supply professional teams using our apparel. Since we do not make this apparel any different than the rest of our team wear, you can trust that our quality is good enough for the pros.

Top-End Materials & Machinery

What goes into and what creates each piece of apparel matters. We believe that true quality can't be faked and have invested in top-of-the-line production equipment and high-grade fabric materials.

Dedicated to Excellence

No matter what machinery and materials you have, the most important aspect for creating quality apparel is the people involved. We handpicked a team of all-stars, each experts in their specialty with considerable experience at the cutting edge of team wear manufacturing. Their passion for quality and durability is evident in our finished products.
